

# The overall field trial setup in Norway

Einar Strand- NFTN 1. Conference, Apelsvoll 08/02/2023

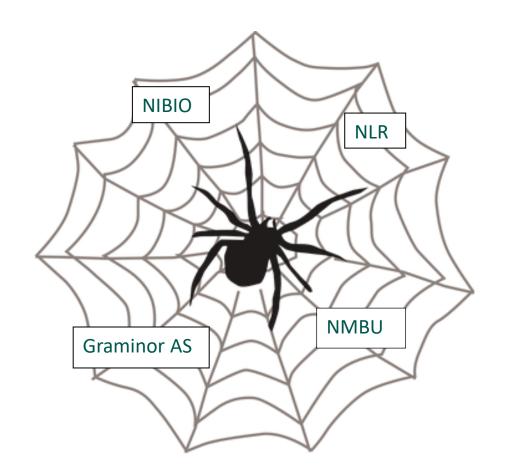

## Institutions conducting field trials in Norway

- NIBIO Norwegian Institute of Bioeconomy Research
- NLR Norwegian Agricultural Advisory Service
- Graminor AS plant breeding company
- NMBU Norwegian University og Life Sciences
  - Centre for Plant Research in Controlled Climate (SKP)
  - (and uncontrolled climate (Vollebekk research farm))

# Field trial network i Norway

#### NIBIO researc centres

## Divisions in NIBIO conducting field trials

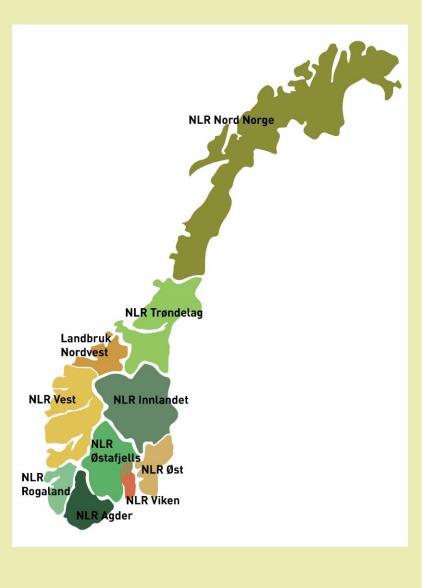

- Food Production and Society
  - Grain and Forage Seed Agronomy
  - Grassland and Livestock
  - Horticulture
- Biotechnology and Plant Health

#### NLR

Norwegian Agriculture Advisory Service

- 10 regional units
- 100 locations
- Mostly limited number of field trials at each location
- Field trials hosted by local farmers
- Limited access to equipment

# Field trials by NIBIO

Dep./Div.	Grain	Forage seed	Fruit and berries	Potatos and vegetables	Grassland
Grain and Forage Seed Agronomy	197	26	-	-	
Grassland and livestock	-	-	-	-	90+
Horticulture	-		?	25 - 30	
Plant Health Div.	22	-	25	17	

### «Others»

	Total	Grain	Forage seed	Fruit and berries	Potatos and vegetables	Grassland
Graminor	?	83 <sup>1</sup>	?	?	?	
Norw. Adv. Service <sup>2</sup>	600	X				X
NMBU	30	28	-	?	-	2

<sup>&</sup>lt;sup>1</sup> Field trials at NLR, NIBIO, NMBU + field trials «home = Bjørke, Staur and Rød, tot. 100 ha

Graminor, Bjørke

<sup>&</sup>lt;sup>2</sup> Includes trials for demonstration on field days etc.

# The spider net, some field trials by NIBIO

	Grain &	Plant Health Div.					
	Forage seed	Grain & prot. crops	Fruit and berries	Potatos & vegetables			
<b>-</b>	407						
Total	197	22	25	17			
- Apelsvoll	49						
- Steinkjer	18						
- NIBIO Ås		6	15	1			
- NLR	133	16	10	16
